11/12/2025	83	Comms and Engagement	KBR to explore how the current comms system can be integrated with Whatsapp.	KBR	Next PB meeting	We wouldn't recommend WhatsApp as a broadcast channel for Woodberry Down because anyone can sign up to WhatsApp channels (including people from outside the estate). The most effective way to utilise WhatsApp is for trusted stakeholders to post in known WhatsApp groups from the estate. If we want to send broadcast SMS, the Council has access to GovNotify, which is free but isn't measurable, or we could subscribe to the SMS function of our email newsletter platform DotDigital, which is measurable and would be the recommended option for SMS.	Open
